

Crown Melbourne COVIDSafe

Crown Melbourne's priority remains keeping our guests, our employees and the community safe.

In line with the Victorian Government announcement regarding COVID-19 easing of restrictions for Melbourne, Crown will implement the following changes to operational arrangements as of 11.59pm 22 April 2022.

A COVIDSafe Plan has been developed to support safe operations of the property for our guests and maintain a COVIDSafe workplace for our employees.

Crown continues to take advice and adhere to public health directions and recommendations in order to remain compliant throughout its operations considering the COVID Safe principles. These may include:

- Physical Distancing
- Face Masks
- Hygiene and Enhanced Cleaning
- COVID-19 Response and Contact Tracing
- Indoor and Outdoor Spaces

Crown will monitor adherence to this plan and with new advice and recommendations, and where appropriate adjust this plan, ensuring Crown Melbourne provides a COVIDSafe environment for all who visit, work with and use our facilities.

1. Physical Distancing

Physical distancing requirements and capacity limitations on venues may be in place to ensure all Victorian Government and health department directives. Awareness materials advising of the physical distancing requirements are displayed throughout the complex.

- Signage and guidance material, including floor markings, are displayed to assist in awareness and adherence to physical distancing protocols. Where appropriate, screens and barriers have been installed.
- Furniture, workstation layouts and configurations have been adjusted to meet these requirements.
- All employees are required to undertake COVID-19 training prior to returning to the workplace. This includes requirements for physical distancing and awareness of public health directions.

- A series of COVID-19 Safety Alerts have been developed which support the COVID-19 training and provide up to date information
-

2. Face Masks

As directed by the Victorian Government through the Department of Health and Human Services, masks will no longer be required from 11.59pm Friday 22 April however Crown recommends the use of masks indoors, especially when social distancing cannot be achieved.

Employees may continue to wear face masks if they so choose.

For convenience, masks will continue to be available for patrons at identified locations including Crown Rewards Desks, Casino Entrances and at Tables Games (when operating).

3. Hygiene and Cleaning

- Enhanced cleaning protocols have been implemented at increased frequencies across all areas of the entertainment complex with an emphasis on high contact surfaces and frequently accessed areas or communal items such as lift buttons, escalator handrails and restroom facilities in accordance with SafeWork Australia guidelines.
 - Cleaning logs have been implemented and are displayed in shared spaces.
 - Hand sanitiser dispensers, touchless whenever possible, have been placed at key patron and employee entrances including car parks, restaurants and all back of house and high contact areas.
 - An extensive awareness campaign has been implemented and is supported throughout the complex by providing hand sanitiser on all Table Games and throughout common areas within Gaming Machine locations, including guests being provided with stylus pens to support a touchless Gaming Machine experience.
-

4. COVID-19 Response and Contact Tracing

Crown has a dedicated COVID-19 Response team including where required, COVID Marshals onsite during operating hours of the property. The COVID Response team shall ensure COVID-19 safety protocols have been implemented in accordance with health authorities and SafeWork Australia guidelines.

Crown has developed processes and specific actions in the event of a suspected/confirmed case of COVID-19. Employees are trained and shall undertake contact tracing, cleaning protocols and notification processes in accordance with the health authority requirements.

5. Indoor and Outdoor Spaces

Where possible, outdoor food & beverage entertainment spaces have been developed to continue to provide additional service options to our guests.

To ensure the indoor environment continues to provide a safe environment for all, outside-air ventilation dampers have been further opened to optimize fresh air inside the building in an efficient and effective manner.
